

Never

Sometimes

Usually

Always

I get my work done on time

I am good at remembering facts

I am good at working on my own

I think about how I can get better at what I do

When I get stuck I feel able to ask for help

I work hard

I find it easy to get interested
and involved

I am good at following
instructions

I avoid distractions

I find most of the things I have
to learn interesting

I get to work on time

Others are happy with the
standard of my work

I enjoy learning new things

I am confident in my abilities

I like working with others

I know what I want to do in
the future

I feel comfortable about
reading and writing

My friends and family
encourage me

I understand things better
when I can try them out

My attendance is good
